## **2010 - Aerofest takes off!!**

**How can we improve on the world's largest and most spectacular military airshow campsite?**

**Simple - make the fun last longer!**

We are very aware that more and more people are treating their stay with us as a proper family holiday and not just a trip to an airshow. People are arriving earlier in the week and taking advantage of the great facilities and attractions that this part of the country offers. In an attempt to help, we are currently planning a range of entertainments that will kick off on Tuesday and last the week. There will be daytime activities as well as more music, films and fun in the evenings. See our web site for details as the plan unfolds. You will find enclosed information on some local attractions, much more can be found at [www.cotswolds.info](http://www.cotswolds.info) and [www.waterpark.org](http://www.waterpark.org)

### **Flanker and Phantom's new licence**

Following some extensive negotiations with our local council we are delighted to confirm that our new licensing arrangements allow us to open for food and drink from Monday 12th July.

George's fine ales will be on offer throughout the week and Allium will again be on hand to provide breakfast, lunch, dinner and any packed lunches you need.

### **Book early to avoid disappointment**

Last year we sold out of pitches early in April. As usual this mailing is going only to those that came last year and we will hold off mailing to others for one month.

Please do get your bookings in as we hate to disappoint our regulars.

### **Tighter access controls**

In order to ensure that our facilities are enjoyed only by those who have paid to enjoy them, we will be putting in tighter entry controls and using both vehicle and personal passes this year. Further details will follow with your packs.

### **Facilities for 2010**

Hot showers	Wet and dry waste disposal	Serviced toilets
Wash basins	Cut and level pitches	Battery charging
Ice block freezer	Mains drinking water	Shop
Daytime TV lounge	Pitches 11m x 9m	Bouncy castle
